The course is almost totally on grass. The steep slope can be slippery, so will be best suited to spikes/studs. A surfaced path is crossed twice on each main lap. The steep path leading from river through an avenue of trees up to the sports fields, has a lot of tree roots which will be sprayed to highlight them. It is used weekly by a Park Run.

It may be necessary to alter courses should there be heavy rainfall, to avoid damage to Sports Fields/Pitches.
